CREDIT & LENDING OPERATIONS | CLIENT-FACING PROBLEM SOLVING | BUSINESS ANALYSIS

SKILLS

Excel (multi-sheet models, formulas/lookups, charting) • SQL (Microsoft) • Power BI (training) • Salesforce (CRM - Echo) • Google Workspace • Credit Analysis • Stakeholder Communication • Operational Problem Solving

EXPERIENCE

i.c.stars | Technology & Leadership Intern Sep 2026 – Present

- Selected for a competitive technology and leadership program; completing intensive training in SQL (Microsoft), Power BI, data modeling, and Agile/Scrum.
- Contributing to a cross-functional team developing an RFP response for a global medical supply client, including an incident-tracking tool that consolidates recurring failures into assigned problems for accountability and resolution.

United Bank | Loan Officer Jul 2021 – Jan 2022

- Originated and prepared VA IRRRL files for 30+ veteran borrowers, comparing rates and eligibility requirements and translating complex lending rules into clear decisions; 95% of originated deals closed with audit-ready documentation.

OneDigital (HealthWorks Insurance) | Benefits Advisor Jun 2020 – Jul 2021

- Sold approximately 1,800 Medicare plans over 13 months through structured needs analysis and plan comparisons, averaging 3–10 sales per day and 10+ daily during Annual Enrollment Period; consistently exceeded sales targets.

Echo Global Logistics | Client Representative Nov 2015 – Nov 2019

- Independently grew a plant distributor account from sporadic orders to recurring high-volume business, reaching a run-rate on pace for approximately $1M in annual spend through service reliability improvements; designed a damage-reduction plan for a medical device manufacturer that reduced claims to near zero.
- Negotiated client sell and carrier buy rates for biofuel shipments, capturing $800–$1,600 in gross margin per load against a $100–$300 industry norm, sustained at 3–5 loads per week.
- Resolved aging invoices through B2B collections, working with AP/AR teams to secure payment and settle disputes.

Credit Acceptance | Credit Analyst Feb 2011 – Sep 2013

- Promoted from Collector within the first 90 days. Supported a five-analyst team processing 1,200+ credit applications monthly (~240 per analyst), maintaining a personal error rate below the 0.03% quality threshold and never missing a quality bonus; contributed to clean internal audits.

ADDITIONAL EXPERIENCE

Newlyweds Foods | Accounts Receivable Collector 2004 – 2006

- Recognized for maintaining the lowest Days Sales Outstanding (DSO) in the collections unit for two consecutive years, as the newest team member.

Enterprise Recovery Systems | Collections Agent 2000 – 2004

- Earned performance bonuses that grew from ~$2,000 monthly to a $4,000–$6,000 average, with peak months reaching $15,000.

SELECTED PROJECT

U.S. vs. Euro Area Macroeconomic Brief & Data Workbook 2025

Built a multi-sheet Excel workbook with formula-driven policy-rate lagging and documented methodology, using FRED, Eurostat, ECB, and BIS data to analyze inflation, GDP, unemployment, savings, and debt (2015–2025); produced six charts and an executive brief with explicit limitations. bcoppage-ic.github.io/Portfolio/brief.html

EDUCATION

B.S.B.A., Management Information Systems, Minor in Economics | Southern New Hampshire University, Expected May 2027

Professional Development: SQL (Microsoft) and Power BI | IT Expert Systems, in progress

Life/Health Insurance License | active 2 years (lapsed)

Realschulabschluss (German secondary school certificate) | Abendrealschule, Germany | 1997 | Graduated with top grades
